My Villeroy & Boch, MyBath

Paterson invites you to explore the world of Villeroy & Boch bathrooms where sensuality meets precise craftsmanship and accomplished style. The result is innovative technology and pioneering design backed by Villeroy & Boch's prestigious 260 years of tradition.

With the aim of increasing your quality of life and giving you the gift of relaxation, inspiration and regeneration – Day after day, year after year, spoil yourself with a bath from Villeroy & Boch.

Discover intelligent functions, innovative materials, a wide variety of different forms and numerous designs that transform your bathroom into an oasis of relaxation.

VILLEROY & BOCH LA BELLE FREESTANDING BATHTUB
BQ180LAB

Whirlpool Systems from Villeroy & Boch

Quiet whirlpool relaxation. Villeroy & Boch's exclusive Whisper Systems are ideal for those who wish to do something for their health in a pleasurable way. The finely bubbling whirlpool gently stimulates circulation and soothes body and soul. The air and water pumps developed exclusively by Villeroy & Boch are amongst the quietest in the world – even when turned up high. Whisper System: for those who value peace and quiet.

Select the bath, then select the Whisper Whirlpool System to suit your lifestyle. Enjoy the convenience of home relaxation and comfort at the touch of a button. There are four (4) distinct Whisper Whirlpool Systems available to suit a selected range of Villeroy & Boch bath's on offer in New Zealand.

BRINGING WELLNESS INTO YOUR HOME WITH AIR ROYALE

With Air Royale, you enjoy a particularly harmonious champagne effect in the Whirlpool: thanks to thousands of fine air bubbles that quietly and calmly rise to the surface of the water, the skin experiences a gentle tingling sensation.

Air is injected through the unique Whisper Air jets. The jets consist of a porous internal structure exclusive to Villeroy & Boch with numerous tiny openings that create the champagne bubble effect.

Air Royale is used exclusively on the Whisper Airpool, Whisper Combipool and Whisper Combipool Plus systems.

QUALITY MATERIALS QUALITY FINISH

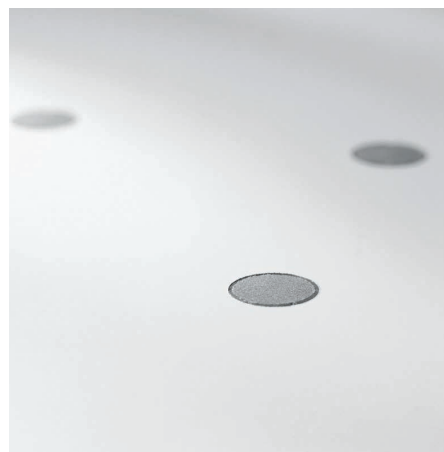

The material's unique properties are giving rise to a transformation in bath design: Forms become possible which are unattainable with other materials.

Baths made of QUARYL® are produced by means of a casting process, which offers broad design scope. Quaryl® is only available from Villeroy & Boch.

Feel the comfort when sitting in one of Villeroy & Boch's whirlpools thanks to Quaryl® Unique: Super-flat, flush-fit base air nozzles.

Winner of multiple design awards. Previously inconceivable forms, radii and rims are now possible.

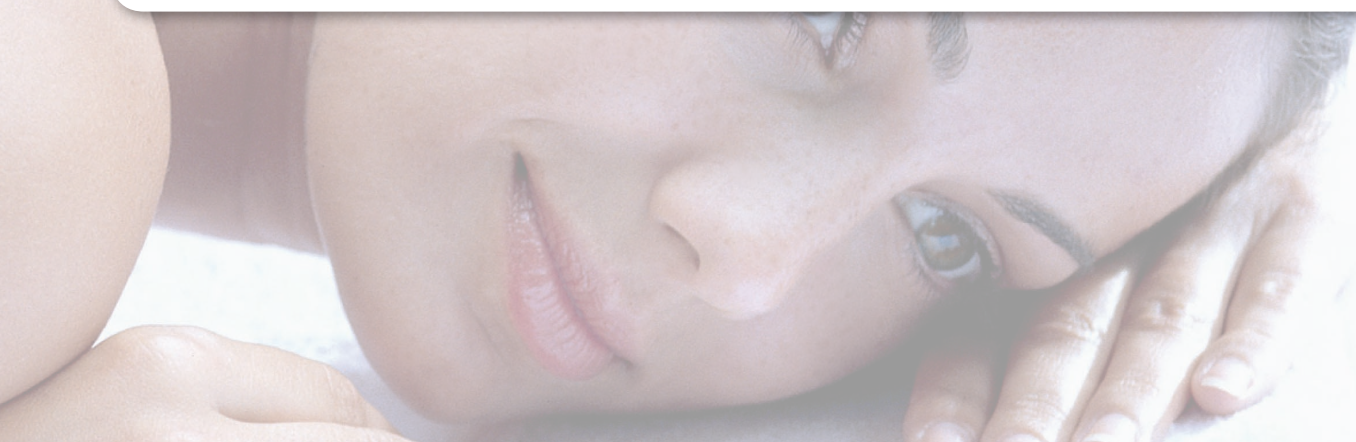

WHISPER WHIRLPOOL SYSTEM

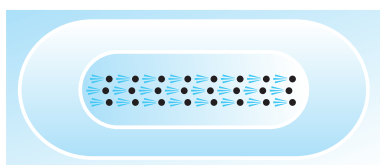

Water cleans the body and supports it. However, in a Whirlpool Bath from Villeroy & Boch, water develops its full potential: it spoils you, relaxes and revitalises you. It supports your body, making it weightless.

It has a positive effect on your mood and health. With a combination of air and water jets, with various alternative designs and state-of-the-art technology, your Villeroy & Boch bath becomes an ideal wellness Whirlpool.

If you ask yourself what could be better than a bath, then there is only one answer: a gently bubbling, sensual bath in a Villeroy & Boch Whirlpool.

Quaryl

Imagine the birth of something new. A material that combines the best attributes of its parts – harmonious, aesthetic, high quality. Just like Quaryl®.

Quaryl® is a unique quality material available exclusively from Villeroy & Boch, they use crushed quartz with sufficient resin to create superb shapes in a consistent form.

WHAT IS QUARYL?

With Quaryl®, previously inconceivable designs are now possible – from clinically straight-lined contours through elegant sweeping lines to sensuous curves. Discover sensational forms which will fit both your bathroom and your very own personal style to perfection. Quaryl® makes relaxing in the bath a very special experience. Ergonomically shaped, spacious bath interiors help to instill a feeling of blissful weightlessness. Despite relatively compact outer dimensions, steeper sides are able to create such space. Sound-proofing effect ensures that you can really relax whilst having your bath, it won't disturb anyone else around the house. At the same time,

Quaryl® always feels good: it is pleasant to the touch and excellent at storing heat. Easy care through and through. The absolutely pore-free surface reduces scale and dirt deposits from the outset - water, a soft cloth and, at most, a mild cleaning agent are all that's needed.

Quaryl® strengths are unrivalled. And that goes not only for the comfort it provides. Quaryl® stands for supreme quality in the bathroom:

- Being a solid quartz & resin material,

Villeroy & Boch provides a 10 year guarantee.

- Quaryl® has steep sides providing more internal room.
- Quaryl® is resistant to scratches, knocks and shocks.
- Slip-resistant properties offer a firm footing.
- It is durable and retains its brilliant sheen.
- Easy-care surface properties.
- Quaryl® almost immediately assumes bath temperature, preventing cold shock.
- It features colouring right through and is colour-fast.

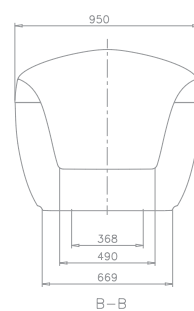

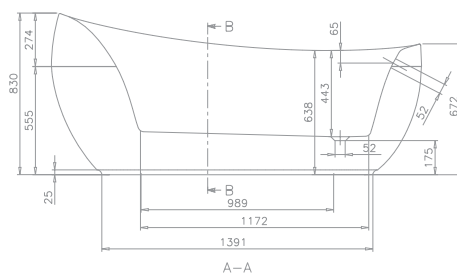

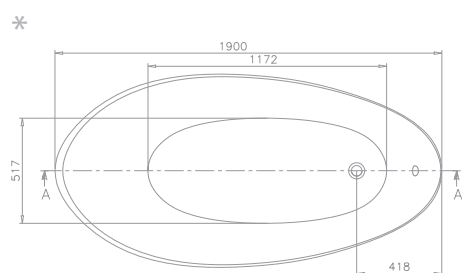

Aveo

Inspired by nature. As a free-standing bath, Aveo, like the matching ceramic collection, is notable for its organic form. The body-hugging shape and high back guarantee outstanding comfort and support for the spine and neck. Aveo is one of the few free-standing baths that can be fitted as a whirlpool; the technical components are all concealed in the outer shell. (Incl. waste & overflow).

AVAILABLE IN: 190 x 95cm (BQ194AV)

Quaryl®
by Villeroy & Boch

* REFER TO WWW.PATERSON.CO.NZ FOR MORE DETAILS ON MEASUREMENTS.

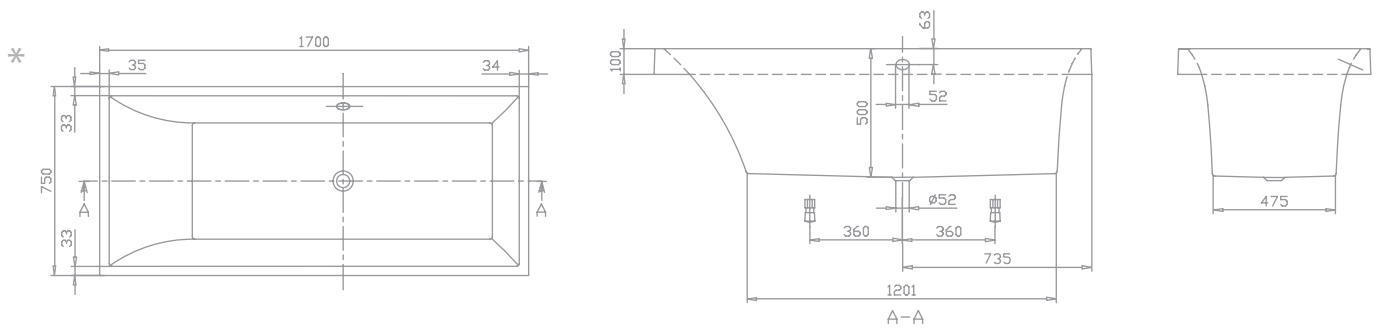

Squaro

The art of clean lines - Squaro is a prime example of clear design and thus the ideal choice for modern, timelessly elegant bathrooms, made interesting by the unusual precision of the rims, and notable for the rectangular shape that is reflected in the contour of the base of the bath. Aesthetic appeal down to the smallest detail is guaranteed thanks to the use of Quaryl®, the unique material available exclusively from Villeroy & Boch. (Includes waste & overflow).

AVAILABLE IN: 170 x 75cm - (BQ170SQR)
180 x 80cm - (BQ180SQR)
Headrest - (90090610001)

* REFER TO WWW.PATERSON.CO.NZ FOR MORE DETAILS ON MEASUREMENTS.

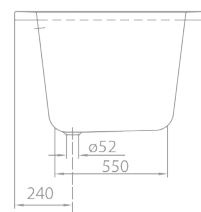

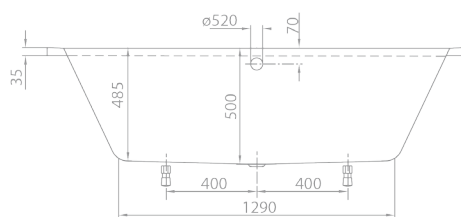

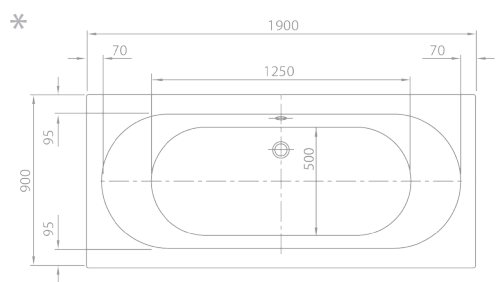

O.Novo

The O.novo acrylic bath allows creativity in the bathroom as it encompasses the spectrum of bathroom design. A stand out due to the clarity and restrained elegance. The range brings together authenticity with a classic design that is suited to any bathroom.

AVAILABLE IN: Solo Rectangular 160 x 70cm (UBA160CAS2V)
Solo Rectangular 170 x 70cm (UBA177CAS2V)
Solo Rectangular 170 x 75cm (UBA170CAS2V)
Duo 180 x 80cm (UBA180CAS2V)
Duo 190 x 90cm (UBA190CAS2V)
Oval 180 x 90cm (UBA189FDN7V)
Freestanding 165 x 80cm (UBA165FDN7V)

* REFER TO WWW.PATERSON.CO.NZ FOR MORE DETAILS ON MEASUREMENTS.

Nexion

High-tech material and classic form. Quaryl® makes possible the curving design and elegantly shaped panel of the NEXION bath. As an additional practical feature the base of the easy-to-install bath can be tiled to match the bathroom. • Comfort: as the outlet is in the centre of the bath, the lying position is freely selectable • Aesthetic appeal: the NEXION apron in particular is an unusual design highlight and adapts to the curved shape of the bath.

The base of the easy-to-install bath comes unfinished and requires finishing - ie tiles or any other NZ standard approved bathroom waterproof/water resistant surface finish.*

AVAILABLE IN: 190 x 95cm (BQ180NEO)

Squaro Edge

Perfect aesthetics. Discover a new dimension to Squaro: the distinguishing features of the unique Squaro Edge 12 are its clear lines and stylish, modern design.

Squaro Edge showcases the outstanding properties of Quaryl®, a material that is exclusive to Villeroy & Boch. A particularly narrow rim gives the bath an incomparable sense of lightness. The lines inside the bath create an aesthetic harmony and emphasise Villeroy & Boch's skill with Quaryl®. Each touch becomes an experience.

AVAILABLE IN: 180 x 80cm (UBQ180SQE7PDV-010)

COLOUR OPTIONS:

UBQ180SQE7PDV-010 - White
UBQ180SQE7PDT1V-01 - Graphite

* REFER TO WWW.PATERSON.CO.NZ FOR MORE DETAILS ON MEASUREMENTS.

Pavia

Deep relaxation in the bathroom. The use of Quarryl® gives Pavia depth and space even for the tall. The inclined backrests ensure a relaxed lying position and the gentle vertical step is a distinctive design feature. On both sizes the outlet and overflow are in the centre of the bath. (Includes waste & overflow).*

AVAILABLE IN: 170 x 75cm (BQ170PAV)
180 x 80cm (BQ180PAV)

* REFER TO WWW.PATERSON.CO.NZ FOR MORE DETAILS ON MEASUREMENTS.

Oberon

Clear design, clear functions. A combination of rectangular and oval shapes. It is straight-lined and therefore easy to clean and fits in well with a variety of design styles. The use of Quarryl® not only ensures precision fitting but also allows the elegant integration of whirlpool systems (optional). The bath is available in three different sizes. (Includes waste & overflow).*

AVAILABLE IN: 160 x 75cm (BQ1600BE)
170 x 75cm (BQ1700BE)
180 x 80cm (BQ1800BE)

* REFER TO WWW.PATERSON.CO.NZ FOR MORE DETAILS ON MEASUREMENTS.

Libra

Optimum space utilisation and comfort. Libra combines a comfortable bath surface with a large shower area (perfect flat circle), achieved thanks to the steep sides. The concept permits bathing and showering even in bathrooms without sufficient space for a separate bath and shower, and it has already won several design awards. (Includes waste & overflow).*

AVAILABLE IN: 160 x 70cm (BQ167LIB)
 170 x 75cm (BQ170LIB)
 180 x 80cm (BQ180LIB)

* REFER TO WWW.PATERSON.CO.NZ FOR MORE DETAILS ON MEASUREMENTS.

MyArt

Consistent comfort, individual design. Thanks to innovative Quarryl®, the new MY ART bath meets the highest requirements: with an inside depth of 50 cm, it offers plenty of freedom of movement – and is deep enough for total immersion in the pleasure of taking a bath. (Includes waste & overflow).*

AVAILABLE IN: 170 x 75cm (BQ170MYA)
180 x 80cm (BQ180MYA)

* REFER TO WWW.PATERSON.CO.NZ FOR MORE DETAILS ON MEASUREMENTS.
