## Experience Water

Since 1955 Paterson has been supplying world leading bathroom ware to the New Zealand market, and have built a quality reputation for service, product innovation, design and performance.

We have drawn on our experience and developed our own range of bathroom ware, and have carefully chosen our manufacturing partners to perform to our high standards of product innovation, quality and performance.

## Tapware

We have worked with our suppliers to develop a tapware and shower range suited to our New Zealand taste and lifestyle. To complement contemporary styling we utilise the latest European ceramic cartridges to ensure many years of smooth and consistent use, backed up by a 6 year warranty.

## Baths

The Paterson freestanding bath selection offers outstanding quality in an acrylic bath option. Not just baths, our baths are elegant robust designs, in twin skinned sanitary grade acrylic, with a 2 year warranty. Paterson baths will add elegance and style to any bathroom. Not only do they look good but they are extremely comfortable when you wish to while away some quality time.

Villeroy & Boch Loop & Friends Freestanding Bath and Basins

Since 1748, the name Villeroy and Boch has stood for quality and reliability. This unrivalled wealth of experience means they know what matters when it comes to developing high-quality bathroom products. Visionary ideas, state of the art technologies and strict quality controls enable them to make fittings of exceptional precision that live up to the highest standards.

Design and Villeroy and Boch have been an inseparable unit from the outset, working closely with the best designers and architects. This is what gives their products their unmistakable style, and a timeless aesthetic that complements every bathroom design. Eye-catching, but not attention-seeking.

Your Villeroy and Boch fittings are something to be enjoyed for many years to come. Because right from the first day, you will know that you have made the right choice.

Graff Ametis Shower Column

Internationally recognised as an avant-garde manufacturer of exciting, trend-setting bathroom and kitchen fixtures, Graff brings a new way of enjoying water - paying homage to the most precious natural resource of our planet.

Headquartered in Wisconsin, USA, and manufactured in Europe, Graff has positioned itself at the forefront of design, creating designer-based collections for the luxury market.

They have become the benchmark brand in both the USA and European markets by resisting the trend to cut costs and focussing on quality fixtures and unique vision.

Graff's commitment to creating cutting-edge premium quality collections, since 1922, is evident in each and every product.

Keuco Elegance

# KEUCO

KEUCO can look back on a long tradition of producing high-quality products for the bathroom. Since its foundation in Germany 1953, the company has continuously expanded its range of products. KEUCO has gone from being the original specialist and market leader for high-quality bathroom accessories to presenting itself as a full-range supplier of bathroom furnishings including fittings, accessories, mirror cabinets, bathroom furniture and washbasins.

Each individual Keuco product lives up to a promise: To bring together intelligent functionality and first-class quality in a design that won't lose any of its charm even after five, ten or twenty years.

Keuco Royal Reflex

Nivito Rhythm

A step ahead in providing solutions, Swedish manufacturer Nivito, produces 100% solid stainless steel tapware with Scandinavian flair.

An optimum material on the world market, stainless steel has long been the choice in the food industry, providing an unbeatable non-porous surface from both an environmental and quality standpoint.

Nivito kitchen mixers live up to the highest standards in functionality and materials right down to the smallest details - all with the Scandinavian affinity for minimal form with great function.

New for 2017 and complementing their kitchen mixers, Nivito present an exciting new range of kitchen sinks, effortlessly creating a luxurious finish for the most exacting expectations.

Nivito Sink and Kitchen Mixer

Galatea MOMA Bath

Producing bathtubs in Germany since the 1880's and still proudly German made, Galatea can look back on a long tradition of premium quality, style and innovation.

The stunning MoMA range features a beautiful array of colours, including the very current metallics, with a steel base frame combining to make a strong visual statement.

For the music lover - using Bluetooth technology - Galatea can also turn your bathing experience into a veritable symphony. Your phone, tablet or computer will transfer your favourite music directly to the bath itself. You will not only hear the music, you will also feel the music!

Steinberg One Sixty Series

# STEINBERG

Presenting elegant modern designs, state of the art technologies and high-grade materials, Steinberg, founded in 2002, has already achieved a remarkable position.

Proudly manufactured in Germany and with an award-winning portfolio, Steinberg has redefined aesthetic lasting values, combined with perfect design and first class quality.

Steinberg founder and CEO, Marcus Loehnert; "No design follows temporary fashion. Though all the products are stylish and oriented to the contemporary Zeitgeist, we still rely on classic elements that can make precisely these designs real classics."

Steinberg Triple One Basin Mixer

Fima Zeta Collection

Fima is an Italian company, it has been around for three generations and is rooted in an industrialised territory, yet preserves a distinct artisan approach. The company is constantly on the look-out for materials with the best quality-price ratio, while optimising processes for reducing energy and material consumption and striving to identify areas of improvement along the production chain.

Fima Maxima Basin Mixer

Vanitá & Casa continue to develop and engineer its LED illuminated mirror line by offering a product which is innovative, complementary to the bathroom environment and technologically advanced.

They can now offer new options such as BlueVibe (music via Bluetooth with vibration speakers), infrared on/off sensor with dimmer function, LED backlighting, WarmWhite (backlit magnifying mirror with 3000K or 6000K color LEDs) , X Hanging (for user friendly installation).

Together with these new options we also provide defoggers with dedicated on/off button, radio, MP3 music and iPod® cable connection, 5 mm mirror thickness with safety film backing and a protection level of IP44. All our mirrors are energy-saving.

Our greatest satisfaction is to know that Vanita & Casa mirrors will become an important element of your personal well-being.
