Schwab products are distinguished by technical excellence and design perfection, created for living comfort.

Each product that carries the Schwab logo embodies the cutting-edge approach taken with the design and production of the whole range of market leading products. The spirit of innovation in creating outstanding products has arisen from 150 years of combined experience and knowledge in developing sanitary installation solutions.

The SCHWAB range of flushing plates are designed to complement your modern bathroom look and offer high performance yet saving features, simple installation and an easy to clean shape.
